

# Data Space Energie – Chancen und Nutzen

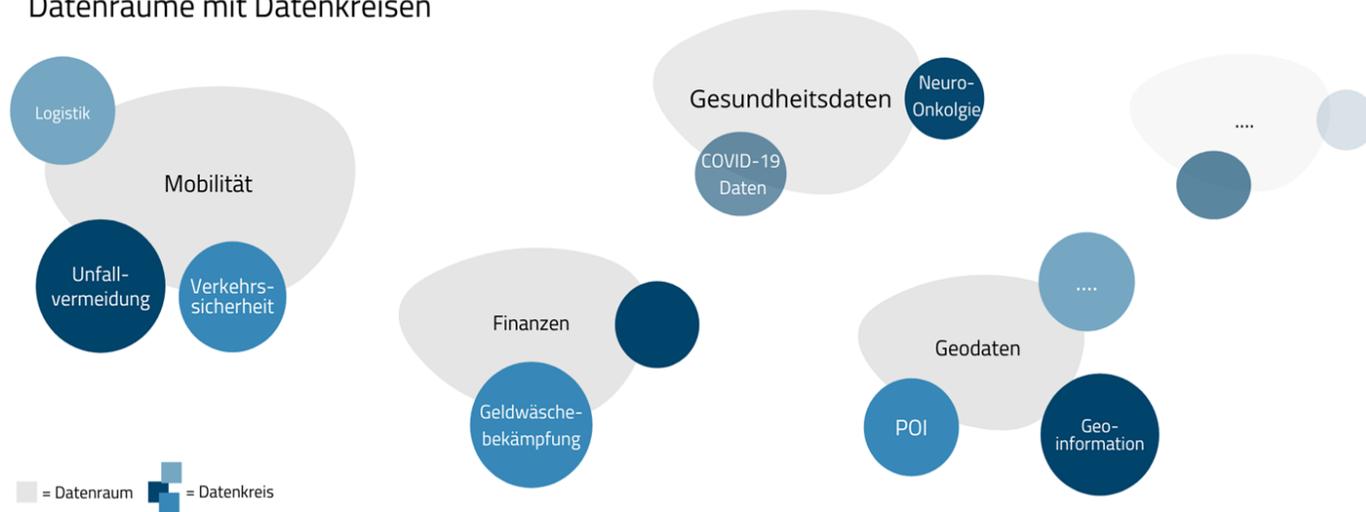

An aerial photograph of a mountain facility. In the center, two tall, dark chimneys stand on a concrete base. Below them is a large, conical pile of wood, partially covered with a yellow tarp. To the left, a wooden building with a gabled roof is visible. The surrounding area is a mix of green grass and rocky terrain, with a dense forest of evergreen trees in the background. A yellow tractor is parked near the building. The overall scene is a mix of natural and man-made elements.

...intelligente Verknüpfung von unterschiedlichen Datenquellen zur effizienten Nutzung bzw. Bereitstellung von Fernwärme am Beispiel Obertauern!
